

Percy Grainger Says European Musicians Write For Exclusives

The reason that European musicians write music which is only designed for the ears of the few who are themselves musically advanced, says Percy Grainger, the young Australian composer and pianist, who will be heard at Southern Institute Saturday afternoon, March 20, is because European people are inclined to be an exclusive people.

In the same way, American musicians have been particularly successful with democratic music because America is essentially a democratic country. I have often been quoted as denouncing the studied and polished music of Europe, but I have never really done so. My real feeling on the matter is that both types of music are equally high forms of art. The only reason I have seemed to uphold the democratic sort of writers is because most European musicians have no use for them at all. I can see no reason why their efforts are not just as important and interesting as those of the most technically perfect musicians on the other side of the Atlantic. If you take an audience for instance, which is made up of cultured people and uncultured men and women, and put something for them, the uncultured portion of the audience will be just as quick to discover a flaw in your playing. I have found, as the most expert critic there. This is because as far as a universal art is concerned, music is a universal art.

The recital will begin promptly at 2 o'clock and the doors will be closed during the first number.

SOUTHERN RESUMES PACKAGE SERVICE

C. A. Russell, assistant freight traffic manager for the Southern railway, has announced the restoration April 1 of its fast freight package car service between Memphis and the East, which was so popular with local shippers in the days previous to federal control.

A daily package car also will be added to the Somerville, Tenn., accommodation train, which leaves here every afternoon except Sunday. This will enable merchants to deliver goods to Somerville and intermediate points on the day the order is received.

Training School Holds Program

The opening program of the City Epworth League training school at the First Methodist church Thursday night was of unusual interest, but on account of membership of the Epworth League being very active in the college program, including services being held this week the attendance was not large.

Rev. L. H. Estes, conference president of the league, led the devotional exercises and addresses were made by E. L. Jamison, W. C. Walton and E. O. Harbin. Horace Kelley, president of the city union, presided. The final session of the training school will be held Friday night.

REVISION OF RAIL AND WATER RATES TALKED

ST. LOUIS, March 18.—Regional railroad freight rates, joint water and rail rates and interchange of traffic between rail and water lines have been demanded at the convention of the National Industrial Traffic league, in session here.

A resolution was adopted calling on the interstate commerce commission to consider the railroads of the country as in three divisions, the Southern, Eastern and Western, in making freight rate adjustments.

The resolution recommended that in estimating the rate of income on railroad property, all investments not used in the actual operation of the roads be excluded.

110 ACRES FETCH \$16,000.

HICKMAN, Ky., March 18. (Sp.)—William T. Bondurant sold this week to the McAdoo brothers 110 1/2 acres of the Mrs. Marie Sowell farm for the sum of \$16,000.

Freckle-Face

Now is the Time to Get Rid of These Ugly Spots.

Do you know how easy it is to remove those ugly spots so that no one will call you freckle-face?

Simply get an ounce of Othine, double strength, from your druggist and a few applications should show you how easy it is to rid yourself of freckles and get a beautiful complexion. The sun and winds of March have a strong tendency to bring out freckles, and as a result more Othine is sold in this month. Be sure to ask for the double strength Othine, as this is sold under guarantee of money back if it fails to remove the freckles.

HIGHEST QUALITY AWARDS

RELIGIOUS SERVICE FOR LUMBER MILLS

Rev. F. D. Danahy, pastor of Christ Avenue Presbyterian church, will hold short religious services Friday and Saturday noon for the employees of the Anderson-Tully Lumber company, and James E. Stark & Co. at their plants.

Meetings in other industrial plants are being planned for next week.

ANOTHER BOND ROBBERY.

NEW YORK, March 18.—Another bond robbery has been added to the financial district's long list when the brokerage firm of John Muir & company reported to the police that one of its messengers sent out yesterday to deliver Liberty bonds and negotiable securities valued at \$14,000, was "missing."

The youth, who was employed three months ago, gave a name which the police believe is fictitious, for he was not known at the address he gave the firm.

How Many Women Keep Young Looking

"A woman may be old at 18 and young at 80," says a prominent clubwoman. "Years don't matter. Didn't Nipon de L'Enclos have a proposal at 80?"

The youth of our women is more lasting than it was a generation ago, because we are better acquainted with simple physiological laws. When the first aging marks appear—wrinkles, bagginess of cheeks, neck and chin—we realize that the cause is a loosening of the skin and softening of the tissue beneath. Instead of laying on patches we send to the drug store for an ounce of powdered axolite and a half-pint of witch hazel, mix them and bathe face, neck and hands in the solution. We know this tightens the skin, so softens the tissue, induces a healthy circulation. We treat causes rather than effects. We use reason—and stay young.

# SUCCESSFUL MEN AND BEAUTIFUL WOMEN HAVE PLENTY OF IRON IN THEIR BLOOD

ZIRON, a New Preparation of Refined Iron Salts and Other Tonic Ingredients, Will Help You If Your Blood Needs Iron.

ARE you pale? You probably need iron. Are you fragile, delicate, weak? Iron is probably lacking in your blood. Is your skin flabby, your tongue white, your complexion lacking the glow and flush of health? You need ZIRON Iron Tonic to restore blood and nerves to their proper condition—to make you well and strong.

Successful men are men of "blood with iron." Beautiful women, with bright eyes and rosy cheeks, have plenty of iron in their blood. Iron gives strength and tonicity to the nerves and muscles; enriches the impoverished blood by forming red corpuscles, and helps weak, puny people to build up their strength and health.

If you feel tired, weary, nervous, irritable, unable to think, work or apply yourself to your daily affairs, it is time for you to take ZIRON.

If you catch cold easily, suffer from dyspepsia or indigestion, loss of appetite, neuralgia in the head, side or back, ZIRON will help to do away with all these troubles by enriching your blood with the salts of pure iron, of which it is composed.

If you are subject to malaria, chills and fever, summer complaint, general debility and similar troubles, ZIRON is indicated to strengthen the system and help drive out the cause of all these troubles.

If you have been sick and need strength, ZIRON will build you up, give you renewed appetite, help to digest your food and put you back into good condition again.

All this ZIRON does by virtue of its contents of pure iron salts, combined with the hypophosphites and other valuable tonic ingredients, the names of which are printed on the label of every bottle.

ZIRON is not a patent or secret remedy, but a pharmaceutical compound of the greatest scientific value, prepared according to the best experience and by chemists of the highest professional skill.

Try ZIRON. Your druggist sells it or can get it for you in \$4 bottles.

If you have trouble getting it send us \$1 and we will send you a bottle by parcel post prepaid.
